

**International Crop Expo - Industry Session
2023 Proposed schedule**

Day 1 – Research Reports February 22

Time	Speaker	Title
8:00-8:15	Dr. Julie Pasche, NDSU	Adjusting Planting Date for the Management of Verticillium Wilt
8:15-8:20	Dr. Julie Pasche, NDSU	Support of Irrigated Potato Research for ND & MN
8:20-8:35	Dr. Andy Robinson, NDSU/UMN	Potato Agronomy Management Studies 2021
8:35-8:40	Dr. Andy Robinson, NDSU/UMN	Late Blight Spore Trapping Network for MN & ND
8:40-9:00	Dr. Susie Thompson, NDSU	Potato Breeding and Cultivar Development
9:00-9:15	Dr. Guiping Yan, NDSU	Identification of Cover Crops for Managing Root-Lesion Nematode
9:15-9:30	Dr. Ian MacRae, UMN	Potato Insect Management 2022
9:30-9:45	Dr. Ashish Ranjan	Monitoring population dynamics of Verticillium Wilt
9:45-10:00	Dr. Yuxin Miao	Developing Efficient Nitrogen Management Strategies for Potato in Minnesota
10:00-10:30	Break / Poster Session	Researchers Bio
10:30-10:50	Dr. Carl Rosen	Nutrient Management Studies on Irrigated Potatoes
10:50-11:10	Dr. Laura Shannon	Nitrogen Use Efficiency and Data Organization
11:10-11:25	Dr. Darrin Haagenson	Impact of Bannock Seed Age on Yield Components
11:15-11:25	New insecticides updates	
11:25-11:35	New insecticides updates	
11:35-11:45	New insecticides updates	
11:45-12:30	Donavon Johnson	Northland Potatoes Annual Meeting

Day 2 – National Organization & Seed updates + Educational Session – February 23

8:30-8:45	Mike Wenkel, Chief Operating Officer, National Potato Council	National Potato Council Update
8:45-9:00	Mark Klompien, CEO United Potato Growers	United Potato Growers Potato Outlook
9:00-9:15	Blair Richardson, CEO, Potatoes USA	Potato Market and Programs Update
9:15-9:22	Eric Byre, MN Department of Agriculture	Minnesota Certified Seed Report
9:23-9:30	Kent Sather, ND State Seed Department	North Dakota Certified Seed Report

9:30-9:50	Dr. Gary Secor	Rubbery Rot
9:50-10:20	Break / Poster Session	Researchers Bio
10:20-10:40		Educational topic
10:40-11:00		Educational topic
11:00-11:20		Educational topic
11:20-11:40		Educational topic
11:40-12:00	Stump the 'Docs'	Potato researchers

Education topics:

Fertility management – Carl Rosen

CEC, soils, economics of fertilizers – Carl Rosen

Rubbery Rot – Gary Secor

Wound Healing – Munnever Dogramaci

Drones used for petiole reading – Centera, Brian Bohman

Silver Scurf & Blemishes – Gary Secor or Frank Bitarra

Stubby Root Nematode and TRV transfer – Guiping Yan

Dormancy break – Jake Blauer, WSU

Soil Health Project update – Carl Rosen (maybe 2024).

Dormancy break – Jake Blauer

Wound healing with cut timing of seed – Jake Blauer
